Symax Delite -IP

Platform Lift

Solidest support, warmest care

Symax Global

Symax Lift(China) Co.,Ltd is wholly owned subsidiary of Canadian listed company Symax Lift(Holding) Co.,Ltd. The company focus on design, manufactures, sales and service of elevator and escalators, which have built five R&D and producing bases on Canada, USA, Germany and China. The product range covers residential lifts, home lifts, commercial lifts, panoramic lifts, freight lifts, hospital lifts, escalators/travolators, stair lifts and so on. With the features of safety, reliability, stable operation, energy-efficient, the products have been distributed to more than 80 regions across the world.

Symax and Lehner Liftechnik GmbH from Austrian are devoted to the design and manufactures of barrier-free lift, platform lift products. Based on the concrete capital strength and leading technical innovation resource of Symax, we supply our clients with safer, more reliable and more humanized products and services.

Features

Reliability

Uninterrupted power supply (No need of battery) enables longer operation and better reliability.

Safety

Various mechanical safety devices ensure the accordance with international technical standard. Be accredited to CE verification.

Applicability

Solid and durable structure makes it suitable for the outside and wet weather.

Convenience

The original construction shall not be changed during installation. Easy to operate and noise-free.

Appearance

- ▶ Optional stainless steel material. Compliance of high-end construction code.

- ▶ Customized platform and irregular shape make it compatible to any type of stair. Maximum satisfaction of utilization requirement.

- ▶ Concise design. More space would be saved via foldable platform.

- ▶ Optional color and painting.
